

\$26,600 Quota In War Bonds Nov.

Randall County Citizens Asked to Resume Regular Monthly Buying of Bonds

The War Bond quota for Randall county for November is \$26,600, according to notice received by R. H. Wright, county chairman.

The sales for the month up to Tuesday night amounted to \$7,593.75.

This is the first quota since the big September campaign. Mr. Wright hopes that all citizens will make their purchases of War Bonds early in order that the quota may be met in ample time.

Farm Bureau to Have Delegates at State Meet

Delegates who will represent Randall county at the State Farm Bureau meeting at Dallas next week will leave Sunday in order to attend a conference of delegates from Panhandle counties on Monday, Nov. 15. The conference will attempt to formulate the policy of the Texas Farm Bureau with respect to wheat programs for 1944.

The Randall county delegation is headed by Clarence Beckman. Other delegates are: Carl B. Fuqua, L. E. Mason, H. W. Burrus, and O. M. Scott.

The County Board of the Randall County Farm Bureau has instructed its delegates to oppose the use of Government subsidies for the purpose of holding any farm product below a parity price in the market.

They will also seek to put the State organization on record as opposed to the use of ceiling prices for the same purpose.

They will oppose the continuation of the Government Crop Insurance Program.

The Randall County delegation is pledged to work for some program to acquaint the public with the difference between the Farm Program of the past few years and the present and proposed subsidy programs. They consider this difference to be fundamental in view of the objectives of the two programs.

Paul Goettsch Died Tuesday Night at Home In County

Paul Goettsch, 79, died Tuesday night at 8 o'clock at the family home in the southeast part of the county. Mr. Goettsch has been a prosperous farmer in Randall county for 36 years.

The body is in charge of the Griggs-Thompson Funeral Home pending funeral arrangements. Word is awaited from members of the family before plans for interment may be completed.

Surviving is the wife, Mrs. Catherine Goettsch; four sons, W. H. of Hereford, Julius of Happy, Albert of Redlands, Calif., Ernest of Hereford; three daughters, Mrs. J. H. Eberling of Exter, Colo., Mrs. E. J. Bauer of Happy, Mrs. Albert Dietrich of Tulsa; one brother, Herman Goettsch of Petersburg, Pa.; 24 grandchildren and 4 great grandchildren.

Mr. Goettsch was a member of the American Lutheran Church.

Rev. C. W. Foote Died Friday at Plainview Home

Rev. C. W. Foote died Friday in Plainview where he has made his home during the past two years. He was formerly pastor of the Methodist Church in Canyon, and is remembered by many citizens. He has been in poor health for several months, and retired from the active ministry after 40 years of service to his church. He had served as pastor in several Panhandle towns.

The funeral was held Saturday afternoon at the Methodist Church in Plainview.

C. W. Foote, Jr., has been a student in West Texas State for the past year. Dr. Gaston Foote, another son, has preached at the local Methodist Church several times during the past years.

ENTERS AIR CORPS

Branch Archer has reported to Fort Sill and is a cadet in the Air Corps. He resigned his Civil Service position at Trinidad where he served for 16 months, in order to return and start training.

Mrs. Archer has returned to her school at Qzona after visiting at the home of her parents, Mr. and Mrs. L. S. Baker.

VISITED HAPPY LIONS CLUB

Clyde Warwick was the speaker at the Happy Lions Club meeting Tuesday night. He was accompanied by Levi Cole, Rev. Joe Findley and Winfield Miller.

Willie Mae Holman visited with friends in Amarillo Sunday.

S. J. Burrus Home Burned Thursday With Total Loss

The S. J. Burrus home northwest of Canyon burned to the ground early last Thursday morning.

Mr. and Mrs. Burrus were at home alone. They were awakened by the fire between 12 and 1 o'clock. They succeeded in extinguishing the flames on the first floor, but by that time the second story was in flames. It is thought that the fire started on the second story, but the facts will never be known since the fire had such a start by the time that Mr. and Mrs. Burrus were awakened that it was beyond control.

The Canyon fire department rushed to the scene as soon as notified and neighbors gathered, but the big house, windmill and tower burned. The house was one of the largest in the county, with full two stories and 14 rooms.

Mr. Burrus fell from a ladder which he was trying to unfasten from the windmill tower. He hit concrete, breaking a vertebra in his back.

Mr. and Mrs. Burrus are living in the home of their daughter, Mrs. E. W. Bourn, since the unfortunate fire. The family bought the farm 23 years ago.

AAA Elections to Start in Districts In Randall County

The farmers of Randall county will elect 1944 AAA committeemen next week at a series of meetings to be held according to the following schedule:

No. 2: Sunny Hill School, Tuesday, Nov. 16 at 2:30 p. m.

No. 1: Canyon, Tuesday, Nov. 16 at 8 p. m.

No. 3: Jowell School, Wednesday, Nov. 17 at 2:30 p. m.

No. 7: Burch School, Thursday, Nov. 17 at 2:30 p. m.

No. 6: Zita School, Thursday, Nov. 18 at 2:30 p. m.

No. 4: Umbarger Community House, Thursday, Nov. 18 at 8 p. m.

No. 5: Highland School, Friday, Nov. 19 at 2:30 p. m.

The community committeemen are elected to represent their respective communities in matters of administration in connection with the Farm Program for soil conservation and such other programs as may be assigned by the War Food Administration.

Course In Typewriting To Be Offered

Typewriting for personal use will be a twenty-hour course in touch typewriting, which will include instruction in proper technique in correct form for typewriting letters and other common business papers, and in the proper care of the machine.

For those who desire it, some instruction will be given in the preparation of stencils for mimeographing or of master copies for duplication on Hektograph or Ditto machines. The class will meet for two hours on Tuesday evenings from 7:30 to 9:30. Although the course is designed primarily for beginners, those who already know the keyboard and wish to improve their skill in typewriting will be welcome.

A special rate of \$5 will be made to Canyon citizens wishing to take this course.

Lee Foster Now Has A Good Left Arm

Lee Foster's left arm is now practically well, and the screws were removed from the bone Saturday.

Mr. Foster fell 2½ years ago, breaking his left arm. The bones failed to knit, and an operation was necessary. A specialist from Fort Worth took bone from his leg and placed it in the arm. The repair has been held in place for several months with screws.

Mr. Foster rejoices to again be free of pain and discomfort after this long period of time.

HAD ANOTHER OPERATION

Mrs. E. A. Oberst is in an Amarillo hospital. She underwent a major operation, the second such operation in six months.

Mr. Oberst states that she is resting well following the operation.

BELLAH IS PROMOTED

Cpl. Robert Bellah received a promotion to Sergeant November 10th and will be sent to New York City.

Dr. Roy L. Johnson is in Dallas attending the Baptist State Convention. He is secretary of the convention.

Armistice Day Being Observed

Business Houses Closed and Legion Holding the Armistice Day Breakfast

Armistice Day is being observed by practically all business houses of Canyon. Both West Texas State and the Canyon Public Schools are in session. Both will take Thanksgiving Day off in two weeks.

The only celebration in Canyon is the annual breakfast at the American Legion Hall. All ex-service men, members of their families and men now in service are invited to this breakfast.

Points Must Be Collected When Sell Ration Items

The war time rationing laws require that persons who sell or transfer rationed foods must collect ration stamps or other ration currency. Rationing means fair sharing of scarce foods. Retailers, wholesalers, farmers, and all others who sell or transfer rationed foods must collect points so that all consumers shall share fairly regardless of whom they buy.

Stamps and currency collected in this way must be turned in to the local rationing board as often as every month. You may see your board for any other information, such as blank forms, wholesale point values and point values of home-made butter.

More Applications For Ration Book 4 Are Being Made

Many Randall county citizens have secured their No. 4 Ration Book at the local office during the past week.

Some citizens were out of town when the book was being issued at the schools, while others failed to secure their books for various reasons.

T. S. Stevenson, clerk of the Ration Board, urges that other citizens who have not secured their No. 4 book should come to the office at once. They must bring their No. 3 book.

Old Landmark On Fifth Avenue Is Being Torn Down

Another landmark in Canyon has fallen. It is one of the last buildings of the pioneer days when the business section centered at the southeast corner of the present square.

The building housed the Canyon Produce until recently when this business moved to the corner of the square.

W. A. Warren bought the building and lot several years ago.

Lt. W. Holmes Smith arrived home Sunday night for a few days leave. He is at Randolph Field in the Air Corps. Lt. and Mrs. Smith will leave Friday. They will spend a few days at the home of her father in Plainview before going to San Antonio where Mrs. Smith expects to spend the winter.

Lt. and Mrs. James M. Davis are here visiting at the parental J. M. Davis home. He is with the Air Corps and is being transferred from Marfa to San Marcos for further training.

Norwegians Boycott Nazi Sports Event

SMUGGLED TO THE U. S. by the Norwegian underground, this photo of a Nazi-sponsored track meet at Oslo's famed Bislet stadium speaks for itself. This August track meet—to Norwegians what the World Series is to Americans—was this year a scene for an effective, silent demonstration of resistance to German occupation—as the handful of spectators in German uniforms testify. The stadium seats 30,000 persons. For three years the 300,000 members of the Norwegian Athletic Union have flatly refused to take part in Nazi-staged events. Many of them, including the world's champion ski-jumper Birger Ruud, are in concentration camps as a result.

Thirty Men To Leave on Monday

Local Board Makes Large Number Pre-Pearl Harbor Fathers Available Service

A large group of men will leave next Monday for the induction center at Lubbock. The call is for 30 men, but a number of men have been transferred for induction to other counties.

Clifton White, negro, was accepted at Lubbock Friday and will report at Fort Sill on Nov. 26. He is the last available negro in Randall county until youths are registered.

The local board classified a number of men in 1-A Thursday and put them in line for the call of 19 to go to the induction service on Dec. 19. Notices of induction will be mailed to this group next week in order that they may have plenty of time to prepare for their physical examinations at Lubbock.

Approval Is Made Extension Rural Electric Lines

Rural electric lines have been approved by the County War Board and the Southwestern Public Service Company.

One line will run south of Canyon to service the farms of Ed Money, A. B. Baker, Cecil Sims, O. D. Breitling and W. H. Steen.

From Happy lines will be run to the farms of M. B. McManigal, L. O. Jennings and O. H. Rahls.

An extension to the line to the Tierra Blanca Farms east of Canyon is now under consideration.

Mrs. W. R. Visage of Portales, N. M., is visiting in the home of Mr. and Mrs. Milton Myers.

\$3,757 Is Now In United Chest for the County Drive

The United War Fund was increased this week by additional contributions. The fund now has a balance of \$3,757.92, according to Gordon Lyons, county treasurer.

Milton Morris states that the fund will go to practically \$3,800 as he has been promised additional checks which have not been paid in.

When the campaign is completed, the money will be sent to the state treasurer. Seventeen war agencies will receive support from this fund.

Randall county was the first county in this district to go over the quota, but practically all counties have now reported in full.

Consistent Cold Holds During the Past Few Days

This week has seen the lowest prevailing low temperature of the winter. In weeks past, drops in temperature have been followed by warm periods.

The temperature dropped to 25 degrees above zero Sunday morning. It stood at 21 degrees on Monday, Tuesday and Wednesday mornings.

No moisture has fallen.

Large Beet From H. Cook Garden

H. Cook brought a large beet to town Monday. It weighed 18½ pounds and grew in his garden. It was a Detroit Jewel, and grew with the other beets in the garden.

It was one of the largest garden variety beets that has ever been shown in Canyon.

Commissioners Will Ask Farmers to Put Scrap Iron In Designated Scrap Bank

A. A. Kirkpatrick has been designated by the Commissioners Court to continue to gather scrap metal, and to operate the "War Scrap Bank" for the benefit of the government.

County Judge A. H. Hunt is county chairman of the scrap campaign and has designated the County Commissioners to have charge of the collection of scrap metal in each precinct.

It was revealed at the meeting of the court Monday that there is a considerable amount of scrap metal all over the county. Farmers will be urged to sell their metal in order to keep the steel mills in operation.

Heavy steel is needed for the foundries. Aluminum and rubber are likewise needed.

Judge Hunt stated that he has been asked to start a waste paper campaign due to the threatened paper shortage. Owing to the distance from a paper market, the campaign will probably not be started here for waste paper.

Church Women Will Consider Peace

Armistice Day has been set aside by the United Council of Church Women to discuss the subject, "The price of enduring peace."

Various group meetings will be held in the churches today.

A community program will be given at the Methodist Church at 7:30 o'clock tonight for a study of the subject.

STORK SPECIAL

Rhea Robbins Is Killed by Train

Prominent Farmer Hit By Train Friday; Funeral Is Held Monday Morning

Rhea Robbins, 56, was instantly killed by a Santa Fe train east of Amarillo Friday night at 7 o'clock. His pick-up was demolished. It is believed that he was on his way home from one of his farms in that vicinity.

The funeral was held Monday morning at 10 o'clock at the Methodist Church, conducted by Rev. C. C. Armstrong.

Interment followed in Dreamland Cemetery in charge of the Griggs-Thompson Funeral Home.

Pall bearers were: B. F. Oatis, Ed Weeks, Marion Higdon, Geo. D. Walker, J. W. McCreery, P. S. Hodges. Honorary pall bearers were: Alfred Bellah, Grady Oldham, Jeff Wallace, George Bartlett, Dr. C. E. Donnell, T. S. Stevenson, Sam Hill, Paul White, E. Gidden, C. O. Cooper, Levi Cole, T. C. Thompson.

Mr. Robbins was in the grocery business in Canyon for many years, but sold out to devote his entire time to his farms near Amarillo. The family has continued making their home in Canyon.

Surviving are: the widow, Mrs. Jeannette Robbins; three daughters, Mrs. I. H. Hathaway of Las Lunas, N. M., Mrs. Wakefield Walker of Lincoln, Nebr., Miss Wynema Robbins of Canyon; his mother, Mrs. Sophrona Robbins of Sparta, Tenn.; five brothers, C. R. Robbins of Birmingham, Ala., R. B. of Birmingham, L. D. of Santa Fe, H. D. of Hereford, O. W. of Sparta; two sisters, Mrs. C. C. Felton of Sparta, Tenn., and Mrs. E. F. Johnson, Jr., of Sparta.

Armstrong Goes to Conference For the Methodist Church

Rev. C. C. Armstrong left Monday for Lubbock where he is attending the Annual Conference of Northwest Texas Methodist Church. The conference will close at noon today with the reading of appointments by the Bishop.

Dr. S. H. Condon was in Lubbock Monday to report on Adult Education in the conference.

Dan F. Sanders is attending the conference as delegate from the local church.

The conference year closed Sunday. Reports were made on the condition of the church, and plans for the future were outlined by the laymen of the church.

W. L. Lyons Has Moved to Canyon Selling Business

Mr. and Mrs. W. L. Lyons have moved to Canyon from South Amarillo where they have owned the Edgfield Grocery for 18 years. They sold the business, and all of their property in the north part of the county. The family is living at 1308 Third.

Mr. Lyons was deputy sheriff and tax collector for the north part of Randall county for six years. He was later with the Amarillo police force for five years.

"I have made no plans for the immediate future," stated Mr. Lyons yesterday.

John L. Lewis won his victory for higher wages for the miners, and sent them back to work. The whole labor situation is again thrown into turmoil. Every big labor organization in the nation now demands an increase in wages. The so-called Little Steel Formula has become another scrap of paper. Inflation is on its way. The President must assume full responsibility for this national muddle. He has been the best friend the union men ever had. He was so positive that John L. Lewis and other labor leaders would play fair, that he refused to freeze wages while attempting to freeze other prices. The labor leaders have another thought. The more money the union members get, the bigger the union dues; and the more money goes into the slush fund for the leaders to handle without reporting to either the members or the public. Therefore, the demand for more wages for the 10 million union members. This will drive the cost of products upward; will naturally increase the cost of living and will lead to inflation. The average workman will not benefit by this inflation. But he will have more money to handle; the unions will have more money; and the 123 million people of the nation who are not unionists will pay the bill. John L. Lewis has been looked upon with suspicion by union men outside of the United Mine Workers; but today he is the top man in labor ranks. Green, Murray, and other labor leaders who have tried to patriotically abide by their pledges to government are being looked upon as weaklings by their own groups. The labor battle in America is on; the war threatens to become a secondary issue for this battle of spending money.

This is another Armistice Day. Just 25 years ago fighting stopped on the battle fields, bringing to a close four years of death and destruction. The last bullets had hardly been fired until the war lords of Germany started planning for another attempt to dominate the world. The people of Germany believe they were the superior race. Hitler is a side issue; if Hitler had not gained the dominant role in Germany, it would have been some other blood thirsty leader. All of the atrocities in Europe cannot be blamed on one man. The manner in which the Germans are robbing and murdering the innocent of Europe can lead only to one conclusion—the war machine of Germany must be permanently wiped out or another war will be underway by the time this one closes. Americans must bear the blame of making possible the rise of Hitler and his murderers. We ran away from our obligations and refused to have anything to do with European affairs after the first war. We are not going to be silly this time. It is cheaper in life and money to do a little police work than fight another wasteful, destructive war.

The Italian campaign is proving slower and more costly than the United Nations bargained for. It is now revealed that the military experts of the United Nations opposed this campaign. They figured that Italy was too narrow to allow free military tactics, such as generals like. But Churchill insisted, and the campaign started. The first bridgehead would have been wiped out with terrific loss if the Germans had known of the devastation of their first attacks. We have been of the opinion for a long while that the war would be better off if Churchill and Roosevelt would leave the actual fighting up to the military experts. But since they are the heads of two powerful nations, and both have bulldog dispositions, it is natural to suppose that they will continue to direct the military tactics until the war is won. This may be another case of trained military men winning the war on the battlefield in spite of bunglings from the top men.

WORTH'S SHOE SHOP

Joe Stalin has spoken out in a most decisive and cordial manner. He praised the attitude of the Moscow conference and the manner in which the United Nations had been helping Russia whip the Germans. He gave full credit for the splendid co-operation which was being given and praised the United States for the lend-lease war materials. The people of the United States have been worried about Stalin. We wondered whether Russia would quit once the Germans were driven out of Russia. Without doubt a firm decision was reached in Moscow to thoroughly whip the Germans this time instead of quitting too soon, as we did in 1918. Russia has certainly suffered enough injustices at the hands of the Germans. No doubt they should want to destroy every town in Germany together with the inhabitants. While the Russians are a savage people in war, they have not shown themselves to be of the destructive nature as the Germans, or wish to become the rulers of the world. That they will demand a considerable chunk of territory for their part in the war is very natural. Stalin has relieved the feelings of a lot of us in this friendly declaration. He should know by this time that America wishes nothing out of this war except the right to live in peace and harmony with all nations.

We have heard a lot about dollar diplomacy. A fine example was selling to the Japs our scrap iron in spite of warnings that it would be fired back at our boys. The dollar counted in the deal, and therefore we continued to sell scrap iron at a big profit. We have been shipping many supplies to Spain in spite of warning that the major part goes to the Nazi. We are told that much rubber has gone to Sweden, in spite of the fact that Sweden trades with the Nazi, and may be selling this rubber stock to the German war machine. The dollar is involved, and the dollar is mightier than the lives of our men. We have been told for years that sugar was a great necessity and Americans were urged to use much sugar. We are certainly a nation with a sweet tooth; but sugar rationing came along and now the doctors tell us that the public health does not depend upon consuming a large amount of sugar. The sugar industry is said to be up in arms about this latest inroads of our dollar diplomacy. These fellows do not fancy having the nation using less sugar after the war. Even the destruction of war cannot overshadow the desires to make a profit at the expense of public safety.

The nation is confronted by a real paper shortage. There would be a sufficient amount of scrap paper if paper mills were scattered over the nation in centers of population. But these mills are usually away from centers of population in order to use nearby forests. The freight on scrap paper amounts to more than the paper is worth. But it may be necessary before many months to ask people far removed from paper mills to ship their scrap paper even though we are not repaid for our trouble. Americans are performing many patriotic duties, and would not object to giving their scrap paper if arrangements could be made to handle it without cost to themselves.

The Senate finally passed the Connally resolution after ten days of debate, after the five opposing senators spoke long and loud to empty seats. But they made their record for home consumption, and held up the public's business with useless oratory. The resolution ties this nation to the proposition that we will maintain the peace after the war is won. In 1918, this same senate refused to participate in world affairs, and therefore made it possible for World War II to be started. Naturally the isolationists refuse to admit that this is the case, but all other Americans who read history know that these are the cold, hard facts.

The Republican victory of last week should make the New Dealers sit up and take notice. The people are tired of being kicked around by a group of high-handed petty executives who have felt that their jobs were safe. If the President runs for a fourth term and is elected, this group will be more haughty than in the past—if possible. They will feel secure in continuing the methods of unmitigated gall and the evasion of law through the necessities of war. The President is not going to clean house; he stands by his friends be they right or wrong.

The warning is given that Christmas packages must be mailed before the end of November, even in the United States. Christmas cards to men overseas must be mailed during November. The case is one of transportation. The postal system is working short-handed, but the great difficulty is with the overloaded trains. It may be a little hard for some of us to work up Christmas sentiment during November, but good judgment tells us that to delay Christmas shopping until the last minute is pure folly.

ATTENTION: PESSIMISTS

Intuition is the strange instinct that tells a woman she is right, whether she is or not.

Many a woman who can't add can certainly distract.

But all women know enough arithmetic to put two and two together and make a scandal of it.

SOCIALISM: You have two cows and give one to your neighbor.

COMMUNISM: You have two cows—the Government takes both and gives you some milk.

FASCISM: You have two cows—the Government takes both and sells you the milk.

NAZISM: You have two cows—the Government takes both and shoots you.

NEW DEALISM: You have two cows—the Government takes both, shoots one, milks the other and throws the milk away.

CAPITALISM: You have two cows—YOU sell one and buy a bull.

Fallacy: The idea that accidents are unavoidable.

CIVILIAN AWARDS

Testimony to the effect that the stimulus of the Army-Navy "E" and the Maritime "M" production awards has been very great constantly is accumulating. Both management and labor on the home front have been helped to even greater efforts and results by these recognitions of unselfish devotion to the great task of turning out the vital materials of war. Now both directors and workers in a category other than those previously recognized are to receive an achievement award for work well done. These are the seasonal processors of food. The fact that they are not year-round operators makes them ineligible for Army-Navy "E" recognition. But if they meet the same high standards demanded for that badge of honor they are to receive the award of the War Food Administration's "A" flag. Qualifications considered in selection for the award will include ingenuity in the development of war food products, low absenteeism, cooperation in the various food purchase programs, accident prevention and the like.

A number of vital factors on the home front still lack recognition in the form of public awards. The power and utility companies, the communications companies, and even the enormously busy railroads do not fall within the technical requirements for existing awards. There would seem to be little reason why the powerful incentive which existing awards for merit have supplied should not be extended to such fundamentally important elements as the electric light and power industry, which has shown an increase of 73 per cent in its kilowatt hour output since 1939; or the telephone industry, which last year handled 93 per cent more long-distance calls than in 1939; or the American railroads, which in 1942 increased the ton miles moved as compared with 1939 by 92 per cent and the passenger miles by 135 per cent in the same period. The service industries have done and are doing an outstanding war job. They, too, deserve an accolade.

E. Burroughs Is Aviation Cadet

An interesting letter has been received from A/C E. Burroughs. He approves of Sgt. Mike. He writes, "That mascot surely sounds as if he is some dog." His letter continues, "At last I soloed and it was a thrill and a feeling one can never express in a letter. Flying is in you, you can't explain or tell any one about it, but all I can say is it's swell. Flying is work, hard work, but the satisfaction is well worth the effort expended. We check out ships now and go up solo to practice maneuvers as we please. It's nice to be up there, a sturdy plane under you and two hundred twenty horses pulling you along. The government has lots of money in your hands then."

The American petroleum industry dates from 1859, when Colonel Drake drilled the first well at Oil Creek in Pennsylvania. Before that enterprise, the national oil production was 2,000 barrels.

Umbarger Items

Pius Friemel, one of the oldest settlers in Umbarger, celebrated his 85th birthday Sunday. A number of his children and grandchildren were present to help celebrate the occasion.

A delicious turkey dinner was served in honor of T/Sgt Doyle McChristian in the home of Mr. and Mrs. A. J. Lindemann. Other guests who also enjoyed the dinner were: Mr. and Mrs. Jim Lankford, Mr. and Mrs. Pitt, Mr. and Mrs. L. H. Holman, Mr. and Mrs. Herman Hand and family, Misses Viola McChristian, Gertrude Fischbacher, Louisa Friemel and Henrietta Beckman, and the guest of honor.

Mrs. John Wieck returned home Sunday after spending a month with her husband, T/Sgt. John Wieck who was stationed at Fort Sam Houston.

Mr. and Mrs. Conrad Westhoff visited with Mr. and Mrs. Bill Kleinschmidt, Sunday.

Ormaline Brockman spent Sunday with Teresa Evers.

W. T. High School Has Carnival

Reading from left to right: Arless Oglesby, Billy Quinn, Carl Michell, Lee Etta Hopson, Alice Woods, Wilma Jean Miller, Ann Crawford (Harvest Queen), Barbara Robertson, Ann Hollenstein, Sue Lane Neff, Billy Miller, Otis McCall, Karl Meyers, and Herschel Lowe.

Friday afternoon, at two o'clock, fun and frolic began in the demonstration building of the college. Many side shows and booths were opened during the first part of the afternoon. These included a vaudeville show presented by the seniors; a dance by the juniors; Dr. Cureall, sponsored by the sophomores; dart throwing contest by the freshmen; shooting gallery by the sixth grade; bingo by the fifth grade; Indian museum by the fourth grade; popcorn sold by the third grade; and a picture show by the second grade. The second year Spanish Club told fortunes; the First Year Spanish Club sponsored portrait sketching; the Dramatics Club sponsored a boxing match; and the Press Club sold punch.

The second portion of the afternoon was devoted to the coronation of the Harvest Queen, Ann Crawford, attended by Barbara Robertson, Ann Hollenstein, and Wilma Jean Miller. A short program was presented in honor of the queen with Mr. Savage as master of ceremonies. This program began with

two numbers, "Way Down Yonder in the Corn Patch" and "Pistol Packin' Mama," by the Scarecrow Quartet: Herschel Lowe, Karl Meyers, Otis McCall and Billy Miller. Carl Michell and Arless Oglesby sang and danced "The Harlem Sandman." An accordion number was presented by Alice Woods, and Sue Lane Neff gave a reading. A skating number by Barbara Robertson and Lee Etta Hopson closed the program. Following the program an auction sale was held which concluded the festivities.

The carnival was sponsored by the Library Club, and the proceeds will be used to buy new books for the library.

Fairview Breezes

The Fairview church has called Rev. James to be the pastor for the coming year.

Lavinia Amerson spent the past week end in the G. E. Wesley home. Mr. and Mrs. E. W. Schaeffer and daughters were Sunday dinner guests in the S. F. Sharpes home.

G. E. Wesley is very proud of his new saddle horse.

Mrs. Hollis Shipman is on the sick list.

The young people gave a party at the school house Friday night which everyone enjoyed very much. Popcorn was served.

G. E. Wesley finished a cabinet for Mrs. J. W. Wesley the past week which he started 8 months ago. He was just now able to get materials to finish the cabinet.

Willie Fay Penn visited over the week end with Marie Wesley.

Miss Vesta Amerson and Evelyn Schaeffer attended Grandma Knight's funeral at Wayside Sunday afternoon.

G. E. Wesley and J. W. Wesley were attending to business in Amarillo Tuesday.

Mr. and Mrs. E. M. Wilson and

sons and Mrs. C. M. Rogers attended quarterly conference at Wayside Sunday.

Erma Mae Sutton visited the paternal Chas. Sutton home over the week end.

Mr. and Mrs. J. W. Wesley were Sunday dinner guests in the C. L. Wesley home.

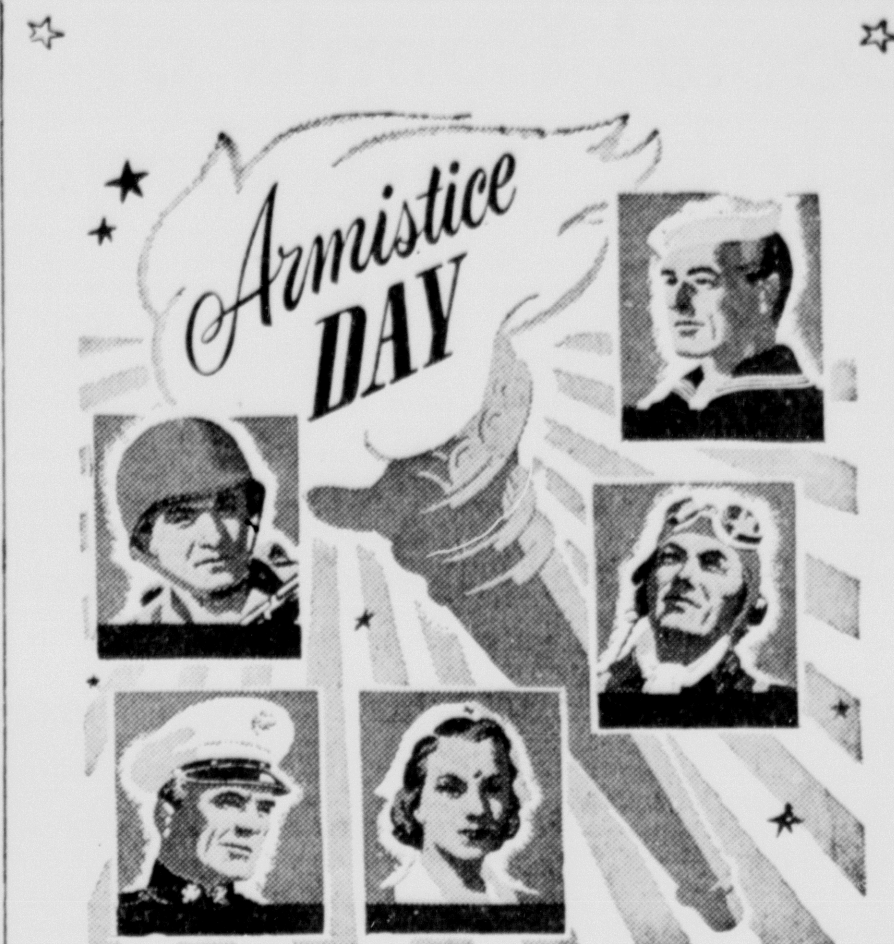

The best way to tell how a girl will turn out is to wait until the old folks turn in.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

ARMISTICE DAY, 1918—Bands playing! Men marching! Flags flying! A day of celebration . . . and sorrow.

We will see another day like that glorious day in 1918. Bands playing, men marching, flags flying, and we will have won another victory that started in 1918 and won't end until the world knows of the freedoms of our American Way of Living.

We will always fight for the things worth fighting for! Freedom of speech, press and religion—the freedoms our fathers fought to gain and we will always fight to hold!

HOME MANAGEMENT SPECIAL- IST VISITED HERE TUESDAY

Miss Louise Bryant, Home Management Specialist of Texas A. & M. Extension Service, Miss Frances Wilroy, County Home Demonstration Agent, and Mrs. L. L. Byars, Council Chairman, visited in the home of Mrs. Charles Thurmon and Mrs. W. E. Bennett Tuesday afternoon.

Mrs. Thurmon was home management demonstrator in the Park Home Demonstration Club last year and continued her work this year in connection with the clothing program. The entire home was refurnished and adequate storage was provided for each member of the family.

Miss Bryant gave many useful suggestions on time savers and better management in the home.

Pfc. and Mrs. C. N. Tippery visited relatives in Carter, Okla., over the week end.

Mrs. Robert Bruce Cleland of Amarillo visited in the home of Mr. and Mrs. J. S. Cleland, Sunday.

MERRY MAIDS AND MATRONS MET WITH MRS. GILLIS

Mrs. John A. Gillis entertained the Merry Maids and Matrons Club in her home Thursday. Different kinds of fall flowers were used to decorate the home.

There were five tables seated for forty-two.

A salad course was served to the following: Mrs. L. Angel, Mrs. C. R. Burrow, Mrs. H. M. Cook, Mrs. S. H. Condon, Mrs. C. M. Dowlen, Mrs. J. L. Duflet, Miss Edna Graham, Miss Helen Hickman, Mrs. J. A. Hill, Mrs. J. S. Humphreys, Mrs. R. P. Jarrett, Mrs. Agnes Smith, Mrs. A. W. Sternberg, Mrs. R. A. Terrill, Mrs. W. A. Warren, Mrs. J. J. Walker, Mrs. W. A. Miller, Mrs. W. W. Nicklaus, Mrs. W. Holmes Smith, Mrs. Cecil Briggs and the hostess.

Claudine Foster spent the week end in Dumas visiting Marlin Johnson.

Mrs. Z. C. West of Amarillo visited in the home of Mrs. G. B. Combs Friday.

CENTERVIEW H. D. ACHIEVEMENT DAY

The Centerview H. D. Club held its Fruit Achievement program in the home of Mrs. J. W. Wesley in the Fairview community Friday.

The meeting was called to order by the president, Mrs. Deilas Zachry. Songs were led by Mrs. Lonnie Byars. Mrs. E. W. Schaeffer, secretary, called the roll.

Mrs. J. W. Wesley gave an interesting talk on growing small fruits in Randall County. Mrs. Wesley was successful with strawberries, having canned and preserved 67 quarts besides having an abundance of fresh berries and giving away over two thousand plants to friends and neighbors.

Mrs. E. W. Schaeffer gave an interesting talk on varieties of fruits that grow best in Randall county from their own experience as fruit growers.

Mrs. G. E. Wesley gave information on ways of caring for strawberries. The soil needs to be well drained and mulched, but not the loose blowing kind of soil. It needs to be worked frequently.

Mrs. Wesley showed her well filled cellar of fruits and vegetables containing some 2,000 quarts of almost every kind of vegetable or fruit you could mention, of which she raised in her garden and orchard, having bought only pineapple.

A beautiful display of home grown fruits was shown. The table was decorated with a beautiful hand embroidered cloth. In the center was a lovely bouquet of white chrysanthemums and winter daisies.

Refreshments of cocoa and pumpkin pie topped with whipped cream were served. Place favors were tiny U. S. flags in colored gum drops with red, white, and blue napkins.

Visitors present were: Mrs. J. H. Holly, Mrs. Finis Brazil, Mrs. Lonnie Byars, Mrs. Tom Knox and Misses Frances Wilroy, Velta Amerson, and Evelyn Schaeffer. Members: Mrs. C. M. Rogers, Mrs. E. M. Wilson, Mrs. E. W. Schaeffer, Mrs. S. F. Sharpes, Mrs. Deilas Zachry, Mrs. G. E. Wesley, Mrs. Serena Bryan, Mrs. Harney Rogers and the hostess.

MRS. SCHROEDER ENTERTAINS RALPH H. D. CLUB

The Ralph Home Demonstration Club met in the home of Mrs. Carl Schroeder, October 27th. The following officers were elected for 1944: Mrs. S. S. Howell, president; Mrs. L. S. Johnston, vice-president; Mrs. Ira Scott, secretary-treasurer; Mrs. Si Elliott, parliamentarian; Mrs. T. C. Gooch, reporter; Mrs. Joe Cox, council representative.

Mrs. Ira Scott was elected as home improvement demonstrator, and Mrs. John Jennings, poultry demonstrator.

After the business meeting Mrs. Gooch read a poem dedicated to the hostess as she is moving to Hereford. Mrs. Schroeder received many gifts.

Refreshments were served to the following: Mrs. James Jennings, Mrs. Fairy Hill, Mrs. John Lill, and Mrs. H. G. Persons, new members. Mrs. Gooch, Mrs. S. Elliott, Mrs. Scott, Mrs. Carl Heizer, Mrs. L. L. Byars, Mrs. Clarence Adcock, Mrs. L. S. Johnston, Mrs. S. S. Howell, Mrs. Crews Henry, Mrs. John Jennings, Mrs. Joe Cox, members; and Mrs. Newton Crain and Mrs. W. R. Adcock, visitors, and the hostess. Those sending gifts were Mrs. W. L. Browning, Mrs. M. O. Slack, Mrs. J. J. Wright, and Mrs. Bob Johnston.

Achievement program will be November 10 in the home of Mrs. Joe Cox.

JOHNETTE WEEKS OBSERVES BIRTHDAY

To celebrate her fifth birthday, Johnette Weeks was hostess to a number of her friends with a party at the home of her parents, Mr. and Mrs. Ed Weeks, 1600 Eighth Avenue, on November 4.

House decorations were multi-colored fall flowers from the garden of Mrs. Rhea Robbins. Group pictures were made by Mrs. Weeks while Mrs. Rhea Robbins supervised the games.

Johnette was the recipient of many lovely gifts. At the conclusion of the play period a salad course was served to Beverly Soll, Diane Prichard, Patsy Belew, Debra McDonald, Sharon Taylor, Charles Neblett, Bill Ed Childers, Larry Lee Byars, Harold Butler, and Johnette. American flags were given as plate favors.

Mrs. T. S. Maxwell is in Dallas this week on business.

ACT FAST WHEN A COLD THREATENS

At the very first sniffle, sneeze, or any sign of a cold just try a few drops of Vicks Vapo-Nol up each nostril. If used in time, Vapo-Nol's quick action helps prevent many colds from developing. . . . And remember this, when a head cold makes you miserable, or transient congestion "fills up" nose and spoils sleep—3 purpose Vapo-Nol does three important things. It (1) shrinks swollen membranes, (2) relieves irritation, (3) helps clear clogged nasal passages. Enjoy the relief it brings. Follow directions in folder.

HOME DEMONSTRATION COUN- CIL MEETING SATURDAY

The Randall County Home Demonstration Council met Saturday afternoon at 2:30 with the chairman, Mrs. L. L. Byars, presiding.

The finance chairman, Mrs. E. A. Michael, gave her annual report. The budget called for \$204.00. To date \$196.00 has been raised. The year book fund will be collected later.

Mrs. Simon G. Elliott, marketing chairman, gave a discussion on labels. Various kinds of a particular brand of syrup were displayed. In studying the labels, it was found that the iron content was doubled on one label in comparison to another label. Iron is one of the most valuable constituents of syrup. Study labels when purchasing foods in order to get your money's worth. In Mrs. Elliott's annual report, it was brought out that two programs have been given on whole grain products this year and that two programs have been given on sugar substitutes. Quality poultry products were given in June.

The year book chairman, Mrs. P. L. Walters, presented the 1944 year book plans.

The treasurer reported that \$121.74 remains in the treasury.

The council secretary, Mrs. Charles Thurmon, and the council chairman gave annual reports.

It was announced that Mrs. Dora R. Barnes, state clothing specialist, will give a sewing machine clinic in the council room, Tuesday afternoon, Nov. 16, beginning at 3 p. m. Plans were made for the Christmas party, which will be had on the second Saturday in December.

Recipe Given For Famous Fruit Cake

Miss Frances Wilroy has provided the following recipe for fruit cake which is furnished from College Station:

A FAMOUS OLD FRUIT CAKE

Ingredients:
1 lb. grape fruit peel or citron
1 lb. pecans or black walnuts
1 lb. candied pineapple
1 lb. candied red watermelon rind or cherries
3 lbs. seeded raisins
1 1/2 lbs. figs or currants
1/2 lb. butter
1/2 lb. brown sugar
1/2 cup fruit juice or sweet pickle syrup
6 eggs
1 lb. flour
1 tsp. cinnamon
1/2 tsp. cloves
1/2 tsp. nutmeg
1/4 tsp. allspice
1/2 tsp. salt.

Directions:

Wash and dry currants. Cut grape fruit peel or citron and pineapple in one-half inch cubes, leaving cherries and nuts whole. Cream the butter, sugar and beaten egg yolks. Mix flour and spices, add flour and fruit juices alternately. Add fruits, and nuts, mix thoroughly. Last of all, add beaten egg whites. Mix dough thoroughly and place in baking pans which have been lined with butter paper which has been oiled. Cover the top of the pan with heavy brown wrapping paper which has been oiled. Tie the paper securely around the edge of pans to prevent water getting into the cake. Place the pans in the cooker and pour boiling water into the cooker half way up the pans. Place the top on the cooker, but do not fasten the clamps. Keep at the boiling point 55 minutes.

After that, clamp the lid down securely on the cooker. Close the petcock and raise the pressure to 15 pounds for 15 minutes. This insures cooking the cake to the center of the pan. Remove from cooker, take off paper covers, and place pans in a slow oven for 15 minutes. This dries out the crust. This receipt makes 11 pounds.

Note 1: Cakes can be made more attractive by decorating the tops with whole nuts, cherries, pineapple cubes and citron strips. Save sufficient amount when mixing cake for decoration. Just before placing cake in oven to dry out press slightly fruits and nuts on top of cake as desired.

Note 2: One-half pound whole butternuts can be added to cake mixture. This adds greatly to attractiveness of cakes as well as flavor.

Note 3: Rectangular shaped pans are recommended for baking fruit cakes for the market. The square cornered cake permits cutting it advantageously into one pound, two pound or three pound size cakes. Special orders might desire the round stem pan.

WHITE FRUIT CAKE

Ingredients:
1 lb. white raisins
1 lb. candied pineapple
1/2 lb. banded cherries or candied red watermelon rind
1 lb. shelled almonds or butternuts
1 whole coconut (Some of milk may be used)
1/2 lb. diced grape fruit peel
1/4 lb. lemon peel
1/4 lb. orange peel
1 lb. shelled pecans
3 1/2 cups flour
2 cups sugar
1 cup milk
1 cup butter
Whites of 5 eggs
3 tps. baking powder
1 tps. rum or vanilla flavor.

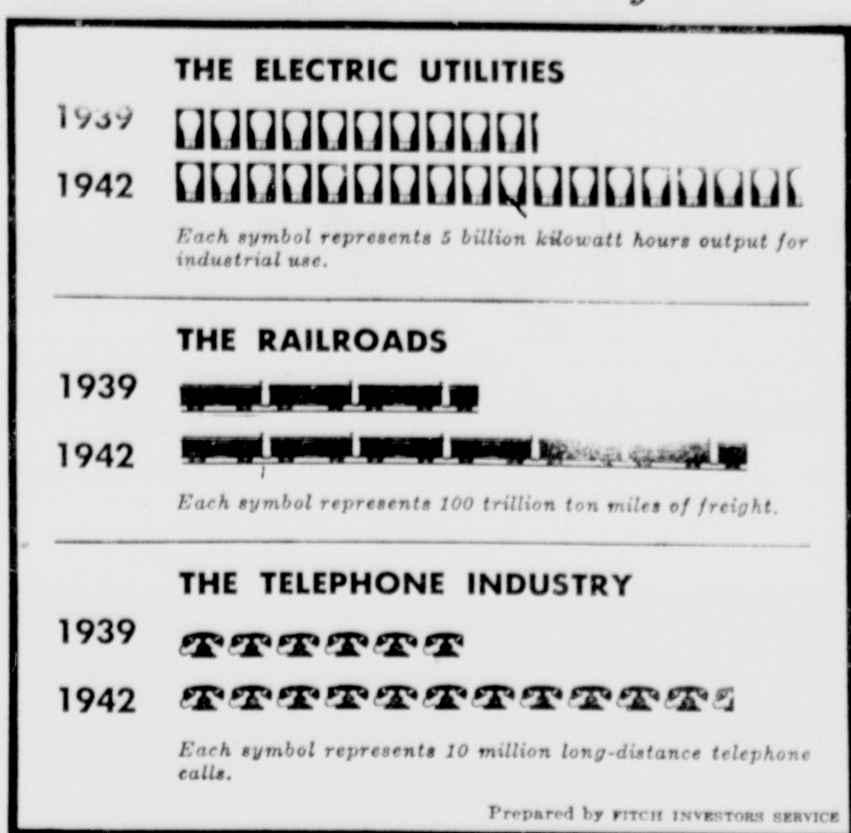

Directions:

Cream the butter, add sugar gradually, and beat thoroughly. Dredge the fruits and nuts with part of the flour. Sift flour and baking powder together. Add milk to the butter mixture, alternating with the dry ingredients. Combine fruits, nuts and candied peel with this mixture. Add the rum flavor or vanilla extract. If the cake mixture seems too dry, some of the coconut milk can be added. Lastly, fold in the stiffly beaten egg whites.

Increased Demand Placed On Service Industries by War

How war's impact has added to the responsibilities of America's utility, railroad and telephone industries is shown graphically in the above chart.

The magnitude of the added volume of work placed upon the men and women of these great service industries is difficult for the layman to grasp. The chart is worthy of study.

In every instance these industries have met war's challenge while maintaining practically normal standards of service to the civilian population. The workers who have quietly carried on these

enormous tasks are not eligible to receive official government awards for their truly great wartime accomplishments.

In an effort to give credit where credit is so obviously due, General Cable Corporation—the nation's leading independent supplier of electrical wires and cables,—has undertaken to publicize their records of accomplishment. An editorial from the New York Times calling attention to the patriotic contribution of these war workers, has been reproduced in a General Cable advertising release from Coast to Coast.

Revival Meeting Progressing at Assembly of God

REV. W. T. STALLINGS

Rev. W. T. Stallings of Wellington is assisting the pastor, Rev. W. J. Phelps, in a revival meeting at the Assembly of God Church. "The world at its worst demands the Church at its best," states Mr. Stallings.

Meetings are held each night at 8 o'clock, and the public is invited. Special music is given at each service.

Umbarger Priest Spoke Tuesday at the Lions Club

America has been forced to fight to protect her spiritual and social heritage, Rev. F. L. Highland, assistant pastor of the Umbarger Catholic Church, declared in a talk to the Canyon Lions Club Tuesday. For lasting peace the sovereignty and inherent rights must be guaranteed to every nation, regardless of age or size.

Four other points were mentioned by Rev. Highland if lasting peace is to be maintained after the present conflict. The Peace of Versailles was a peace of vengeance, not one of justice, and these mistakes must not be repeated in the peace to come. There must be international cooperation and the excessive burden of vast armaments must be done away with. The needs of one nation never justify the murder or pillage of another nation.

As his final conclusion as to how lasting peace may be maintained, Rev. Highland stated that religion

alone can give life, force, and authority to binding international agreements.

The program was sponsored by Winfield Miller. Next week's program, under the direction of Joe Findley, will concern the activities of the American Red Cross.

Tabor Ends Teaching Career

After ten years of instructing Canyon High students in the mystifying art of speaking English correctly, Mrs. Guy B. Tabor has announced her resignation from the C. H. S. faculty.

As an English teacher Mrs. Tabor did her best to pound into her students the niceties of the language. If this was sometimes painful to the students it was also painful to Mrs. Tabor and ex-students expressed their gratitude for the good background she had given them.

Sponsors '43 Class

No story about Mrs. Tabor would be complete without something said about the '43 Class. Having sponsored this class for six years, she grew to be called their "foster mother" although this term was not particularly agreeable to her.

A mother herself, Mrs. Tabor was

especially suited to guiding high school boys and girls along the straight and narrow path. Her two daughters, Jacqueline and Crystal, are married and sometimes refer to their mother as "granma."

Serves Dual Role

Because of the shortage of teachers, Mrs. Tabor was serving a dual role this year; English teacher and registrar. That term, registrar, is a blanket word meaning lots of responsibility and lots of work, but she could handle it.

Later on however, various home and school situations made it advisable for Mrs. Tabor to resign; she left school on Nov. 10.

"I hope that this school will maintain its high ideals and I wish its students the best of luck in the life that lies ahead of them," said Mrs. Tabor.

Noon Bell Interrupts Attempted Murder

All the chemistry class was breathless; the atmosphere was heavy with expectation. The physician, Dr. Taylor, assembled his tools (nitric acid included). His assistants stood ready, and the entire group was tense with excitement. Suddenly a shrill, sharp, ringing sound pierced the silence and eased the nervous tension. The patient was saved by the bell!

Charles Head was quite overjoyed that the bell rang! We think he would miss that little wart anyway.

RECIPE FOR SUCCESS

Six weeks exams are over. Report cards have been given.

Unfortunately, students, it is too late to do anything about your grades. What is past is past and cannot be changed or done over. No amends can be made.

There may be something you can do in the future, however, if your reports were low, but only strong and willing students can do it. It will take time and patience, but it can be accomplished.

This is the recipe to success: Devote at least two hours to study and lesson preparation each night, turn in all lessons on time, volunteer for outside work and oral reports, give your undivided attention in class, follow your teacher's instructions exactly, and prepare before taking a specified examination. Doing your very best in the future will make up for your past failures. So come on, and dig in.

DON'T BREAK DOWN

In these days when much is being said over the nation about juvenile delinquency, students of Canyon School should strive to maintain good citizenship. We, the students of today, will be the future leaders of tomorrow. Our school can be justly proud of this aim, but it carries with it added responsibilities and obligations. The students of today must resolve not to "let down" their moral integrity as many others have in various cities. It is up to the students of Canyon to show the world that we are not touched by the "moral breakdown" of youth.

Six Students Suffer Misery for 'Beauty'

Yes, I now agree that something new can be learned every day, but whether one believes what he learns is something else.

It is still hard to realize that six brave and noble gentlemen, suffered through all-day classes Wednesday and Thursday with stiff collars and beautiful, neatly pressed ties.

Although Tommy Thompson, Harley Hicks, and Don Standley wore brown or brown plaid ties their first day, J. Spencer Winn chose sky-blue to "set off his eyes." Kenneth Vaughn wore a doubtful wine plaid and Earl Lock Neff sported a "badly splattered red."

Thursday brought a different variety in color and design. Although Kenneth and Earl Lock wore brown the second day, Spence's blue tie with three large yellow feathers attracted much attention from his fellow students, and Tommy's was above all description. Just call it a crazy foreign design. Don Standley displayed a patriotic banner of red, white, and blue. Well, there is nothing like a variety.

At the beginning the boys seemed to enjoy looking beautiful, but why did their faces turn colors and perspiration break out on their foreheads later? Could it be they were uncomfortable? It could be!

An ex-cowhand says he can remember back in the days when horses in western movies carried cowboys instead of tenors.

Assembly Views Initiation

Initiates Accept Candles

As the Mother of Homemaking presented the light, representing the spirit of homemaking to the new FHT president, the "ideals" of homemaking stood around in a semi-circle and the new members held their newly lit candles of service.

Standing about the table are: Billy Jane Bonfield, Mother of Homemaking; Betty Ann Miller, newly installed president; and Mary

Alice Campfield, vice-president. Those in the semi-circle are, left to right, Ida Brandt, Helen Woods, Margaret Lair, Velta Speer, Claudine Foster, Ellen Root, and Ellen Sanders.

Seated are: First row: Johnnie Frances Wallen, Dorothea Graves, Mildred Simms, Mary Etta Canada, Doris Meadows, Cheri Kilchrist; Second row: Kathleen Hillier, Pau-

line Ruthardt, Wilma Schutte, Jessie Pearl Harding, Bobby Lee Graham, Kathryn Jo Love; Third row: Nell Drake, Helen Spencer, Mary Nell Morris, Johnny Ford, Jean Prater, Joan Byars, Dorothy Gafford; Fourth row: Charlene Davenport, Frances Gooch, Ruth Prichard, Alice Prichard, Billy Jo Wallen; Fifth row: Bernice Anderwald, Louise Tuck, Eloise Adams, Norma Zachry, and Geraldine Small.

Eagles Overcome Vega Longhorns

Bosley and Taylor Make Highest Scoring Totals

In the first official game of the current season, the Canyon Eagles overcame the Vega Longhorns 46-27. Two outstanding players on the Eagles ball club were Max Bosley, with a total score of 12 points, and Charles Taylor, following closely with 10 points marked to his credit.

The first period of the game was very close, but gradually the Eagles began to pull steadily away from their old rivals until they had completely subdued them.

No second string game was played for the lack of Vega players. A sergeant from the College Training Detachment refereed the game. Coach Sanders stated, "We will pay back the game to the Longhorns next Saturday, and I hope that we will have enough cars to take a second string bunch." He also suggested that hometown people attend the game.

The game will start promptly at 8:00 in the Vega gym.

GRADE NOTES

From the Canyon Grade School and the first grade teachers, Mrs. T. W. Collins and Mrs. Bob Orton, come orchids to their room mothers. Mrs. W. R. Crow, Mrs. W. M. Dickerson, and Mrs. Robert Black; Mrs. R. A. Burrus, Mrs. W. W. De Vancy, and Mrs. J. E. McGehee for the parties they gave to the first grade classes Thursday, October 28. Orchids to you ladies, who put forth much time and effort for this entertainment.

Various rooms received the first issues of "My Weekly Reader," published by the Columbus, Ohio Education Press. This weekly pamphlet contains up-to-date news that will broaden the knowledge of children of grade school age, and makes world conditions clearer to them in a language they can understand.

"See if you can answer this one." This was the frequent question asked in both Mrs. John Davis' social studies class and Mrs. Andy Walsh's home room class by Doctor I. Q. Friday morning.

Mrs. John Davis familiarized her pupils with various explorers whom they studied in the social studies class and gave salted peanuts for prizes.

Walton Byrd, the Doctor I. Q. of the Walsh class, took charge of the program in their "Uncle Sam's Saving Club" which was organized this week.

Although the junior intramural football team would not, after the first final game, consent to having the senior lads carry away the winning honor, they had to lay down their ambition when the seniors came out on the long end of a 6-0 score. The game that was to end the interesting tournament was played between the juniors and seniors Wednesday; but because of a 12-12 tie, another game was played Thursday. Max Bosley made the winning touchdown in the last game, when he intercepted a pass thrown by a junior player. Although each team tried and tried again to carry the pigskin over the opponents' goal, neither was successful. The game was full of long passes and thrilling runs from both sides. W. G. Sanderson and ex-student Lewis Hales refereed the game.

Although Coach Sanders has been working tirelessly to increase the speed of the flashing Eagle squadmen, he still has in mind that their natural advantage is height. "Butterfingers" Winn towers 6 feet 3 inches, while Don "Birdlegs" Standley stands 6 feet 2 1/2 inches in his stocking feet. Leslie Gordon, Bob Copeland, and Wallace Huff are also well over six feet in height. Not being so fortunate as these are, "Whing-Ding" Taylor, Si Bosley, "Horse" Taylor, and Jay Hunter, who have to depend on other qualities.

In addition to the sixteen Eagle hoopsters, two new hustling sophomore lads reported for practice Monday. They are Wallace Huff and Wilborn Brown. Wallace is a new student from Hereford, while Wilborn was here last year but was unable to come out for basketball.

I know everyone is being patriotic, and saving tires and gas, but in case any one of you happens to be around Vega Saturday night, drop over to the high school gym and see the Eagles play. Encouraging yells from any Canyonite will be appreciated.

Mistress: Dora has my husband been very unhappy, while I was away for a month?

Servant: Well, ma'am, at first he was in fine spirits, but toward the end of the time he got less cheerful, and yesterday he was really sad.

Sullivan Instructs Meal Preparation

To train future homemakers in preparing meals with as little money and as few rationing points as possible, the second and third year home economics girls began Thursday with the preparation of meat dishes.

Under the direction of Miss Rhita Jean Sullivan, the nineteen girls will also study salad dishes, vegetable dishes and bread-making preparations during this week.

Juniors Designate Class Emblems

In spite of the fact that our country is at war, class rings are still available and the junior class began Friday, November 5, to take measurements and turn in money for their senior rings. Juniors had a choice between a Victory ring of sterling silver and gold, and a hollow back ring also of gold.

"Money is being turned in rapidly by almost every member of the class and we hope to get the rings by next fall," said Mrs. Dan Sanders, sponsor.

Songsters Popularize Ting-a-ling-ling Ballad

"My gal's a corker; she's a New Yorker!"

Between classes, after school, and at noon, the halls of Canyon High School resound with the merry tinkling of this ever-popular tune.

It appears that everyone, including teachers, knows this ballad (?), and confidentially, the version that one teacher rendered would better be left only to the memory of those that heard.

As the popularity of this stunning song increased, the cheering section, composed of girls, originated a new version at the basketball game Friday night.

All went well until the group was starting on the second chorus. Suddenly, the lyrics were most rudely interrupted by a chorus of "Corn-y."

Further efforts at singing were immediately abandoned, but nevertheless, the song remains popular!

Students Collect Discarded Paper

Now is the time for all good students to come to the aid of their country. This can be done by contributing all available waste paper to Uncle Sam. America's paper mills need this waste paper in order to continue their operation.

Schools that can advantageously do so have been requested to participate in the National Paper Collection Contest which is to take place during the week beginning November 8th and ending November 15th.

"I sincerely hope that every school in the state which can satisfactorily engage in this patriotic enterprise will do so in that wholehearted spirit of co-operation that is shown by Texans in any patriotic endeavor which is undertaken," stated L. A. Woods, State Superintendent.

Those of you who wish to participate in this drive please turn in all waste paper to some of the F. H. T. girls.

Every student and faculty member of Canyon High School wishes to express his deepest sympathy to Wynema Robbins upon the death of her father, Rhea Robbins. Wynema, a senior, has attended Canyon schools since she was in the seventh grade.

It is estimated that the grand total of the population of the world increases by 20 every minute—or 11 million annually.

Girls Represent Various Ideals

Betty Ann Miller Accepts Position of Responsibility

Claiming the spotlight in last week's student assembly was the formal candlelight initiation service for the new members of the Canyon Chapter of the Future Homemakers of Texas.

After delivering the "Homemaker's Creed," Mary Alice Campfield introduced the new members to Billy Jane Bonfield, Mother of Homemaking, who explained the spirit and aims of the organization.

Girls Bring Ideals

Bringing out the ideals of homemaking, Ellen Sanders as friendship, Ellen Root as service, Claudine Foster as courtesy, Velta Speer as co-operation, Margaret Lair as health, Helen Wood as knowledge, and Ida Brandt as achievement, bore candles representing their respective titles. After Betty Ann Miller, president of the organization as well as a new member, accepted the light of service and the title of "Mother of Homemaking" for next year, the old members lighted the candles born by the candidates.

Group Sings National Song

Following the pledge of loyalty led by Mary Alice, the entire group joined in singing "Sing Your Way Home," national song for the organization.

As is the customary procedure, the assembly was begun with the pledge of allegiance to the flag led by Billy Jane, and ended with announcements by Mr. Speer.

Gilmore Divulges Stars' Qualities

Ensign Earl H. Gilmore, son of Mrs. Nora E. Gilmore, language arts teacher in Canyon High School, spoke to the 7-1 class on astronomy during the first period Monday morning.

Ensign Gilmore was inducted into the Navy June 15, and has been home on leave since October 22. He will return to his new post in Pennsylvania to proceed with a course in Diesel engineering. Having been in Midshipman's School in New York City, he visited Hayden's Planetarium many times during his stay there.

WFA RELEASES

CANNED GOODS

Approximately 2,790,000 cases of canned peaches, peas, and tomato catsup were released to consumers recently by the War Food Administration. The canned goods probably will not reach retail shelves for several weeks. These foods were a portion of the reserves owned and held by the canners to meet possible emergency requirements of the government.

REDUCE OCTANE IN GAS

Premium gasoline used by civilians will be reduced from 78 and 80-octane to 76-octane to conserve tetraethyl lead and volatile gasoline fractions, both of which are required in the manufacture of high-octane military gasoline. More than 50 million gallons of gasoline, fuel oils, lubricants, and other petroleum products are going directly to the fighting forces every day, the Petroleum Administration for War disclosed. One-third of all gasoline

produced in the U. S. is now required for military purposes.

PLENTY OF TURKEYS

The civilian turkey supply, just starting to come on the market, will be almost as large as last year, according to the Department of Agriculture. However, this year's demands will probably be much larger and shoppers will be wise to put in orders early. Men and women on duty in the American armed forces, at home and abroad, will be served a pound of turkey at dinner Thanksgiving Day and will have all the traditional "fixins."

V-MAIL CHRISTMAS PRESENTS

Relatives and friends still have time to send men and women overseas V-Mail notices of war bond gifts for Christmas. The Army Postal Service has assured delivery by December 25 of all V-Mail notices sent before December 1. War bonds as Christmas gifts will help to hold down inflationary buying of scarce merchandise, and will be a financial cushion for the service man or woman upon return to civilian life, the Treasury Department added.

INCREASE CIVILIAN FOOD SUPPLY

More peas, beans, rice, and cheddar cheese are going to be available for civilian consumption. Supplies have been increased by the removal or reduction of government set-aside orders. Present conditions indicate there will be enough dry

beans to provide about 10.4 pounds per capita for civilian consumption in the 1943-44 marketing season, compared to 8.6 pounds in 1942-43.

RAISE HAMBURGER POINT VALUE

The ration point value of hamburger has been increased from seven to eight points per pound. OPA has also broadened its definition of hamburger to include additional meatier cuts of the lower grades of beef.

TIRE SITUATION TIGHTENS

Operators of passenger cars may find it impossible to obtain used tires because commercial vehicles delivering essential goods are now eligible to receive used passenger and truck tires of sizes smaller than 7.50-20 to replace tires no longer serviceable. November quotas recently released by OPA for new passenger and truck tires show 30 per cent fewer for trucks and 14 per cent fewer for passenger cars.

NO MORE ISSUE OF BOOKS ONE OR TWO

No more copies of War Ration Books One or Two can be issued by local rationing boards for any purpose whatsoever. All stamps in the two books have expired except stamp 18 in Book One, for shoes, and blue stamps X, Y and Z in Book Two, which may be used to buy processed foods through November 20. OPA said the covers of the two books may be thrown away when the stamps have been used or have expired.

ASKS COOPERATION ON COAL SITUATION

Consumers and dealers have been urged to cooperate in an effort to alleviate suffering in homes and public institutions which may be without coal. "Consumers who have any coal are urgently requested to refrain from ordering more while their neighbors may be without any," Harold L. Ickes, Solid Fuels Administrator for War, said recently. Retail coal dealers have been asked to check the fuel supply of their customers to discover where the need for coal is most acute. Dealers in communities where coal has been short and where the weather has turned cold have been directed to get in touch with the area distribution manager of the Solid Fuels Administration so the limited amount of coal may be distributed where most needed.

RATION-FREE CHILDREN'S SHOES

Some relief from the shortage of youngsters' shoes will be provided about the first of the year by a new supply of children's non-leather shoes for general wear, to be sold ration-free, OPA has announced. In general, children up to about eight years of age will benefit. The shoes will have canvas uppers and soles made from remnants and heavy woven fabric, reinforced with vulcanized rubber. Shoes of this type larger than misses' and youths' size three will be rationed.

UNSALTED BUTTER PRICE DOWN

Maximum prices of unsalted butter have been reduced by 1/4 of a cent a pound, which means direct savings to consumers. Other changes made by OPA in the price regulation for butter will act to end inflationary pressures which had arisen. Unsalted butter previously had a 1/4 premium over salted butter.

REVISE LIMIT ON FARM CONSTRUCTION

The limit on farm construction, including residential, has been placed at \$1,000 under a revision of Order L-41 by WPB. Previously, there were separate limits, farm residences not being considered part of the farm unit.

SOFT WHEAT PRICES SET

Sales of soft wheat by producers and all other distributors in 34 states east of the Rocky Mountains have been placed under ceilings by OPA. The maximum price established at Chicago and St. Louis is \$1.64 1/4 a bushel. Prices at other

terminal markets are: Kansas City, \$1.59 1/4; Evansville, Ind., \$1.66 1/4; Cincinnati, Ohio, \$1.68 1/4; Louisville, Ky., \$1.68 1/4; Baltimore, \$1.78 1/4; Philadelphia, \$1.79 1/4; New York City, \$1.80 1/4; Boston, \$1.81 1/4; Memphis, Tenn., \$1.68 1/4; Atlanta, Ga., \$1.86 1/4; Galveston, Tex., \$1.76 1/4. Maximum service charge by a commission man is set at 1 1/2 cents a bushel.

CCC WHEAT LOANS

Loans on 103,877,754 bushels of 1943 wheat, totalling \$130,509,475.72, have been made by the Commodity Credit Corporation through October 23, 1943. The average amount advanced was \$126 per bushel, which includes some transportation charges from the production area to warehouse locations.

PLANE PRODUCTION REACHES NEW HIGH

Production of all type of aircraft reached a new high of 8,362 planes in October, including the largest number of heavy bombers ever produced in a single month, it was announced recently.

COUNTRY GRAIN ELEVATORS EXEMPT

Country grain elevator establishments which employ not more than eight individuals are now exempt from applying for the War Labor Board approval of wage and salary increases even if the establishments are part of a chain which employs a total of more than eight, according to WLB.

PICKLE PRICES UP

Quart jars of pickles will cost about one cent more since OPA has put maximum prices on all pickles (except fresh cucumber pickles) and piccalilli. The regulation applies to sales of all persons except wholesalers and retailers. Wagon wholesalers are included, however.

CUT NEW CAR QUOTA

Only 20,600 new passenger automobiles have been released for rationing during November, OPA has announced. This is the lowest figure since rationing began and represents a reduction of nearly 35 per cent from the October quota of 30,800.

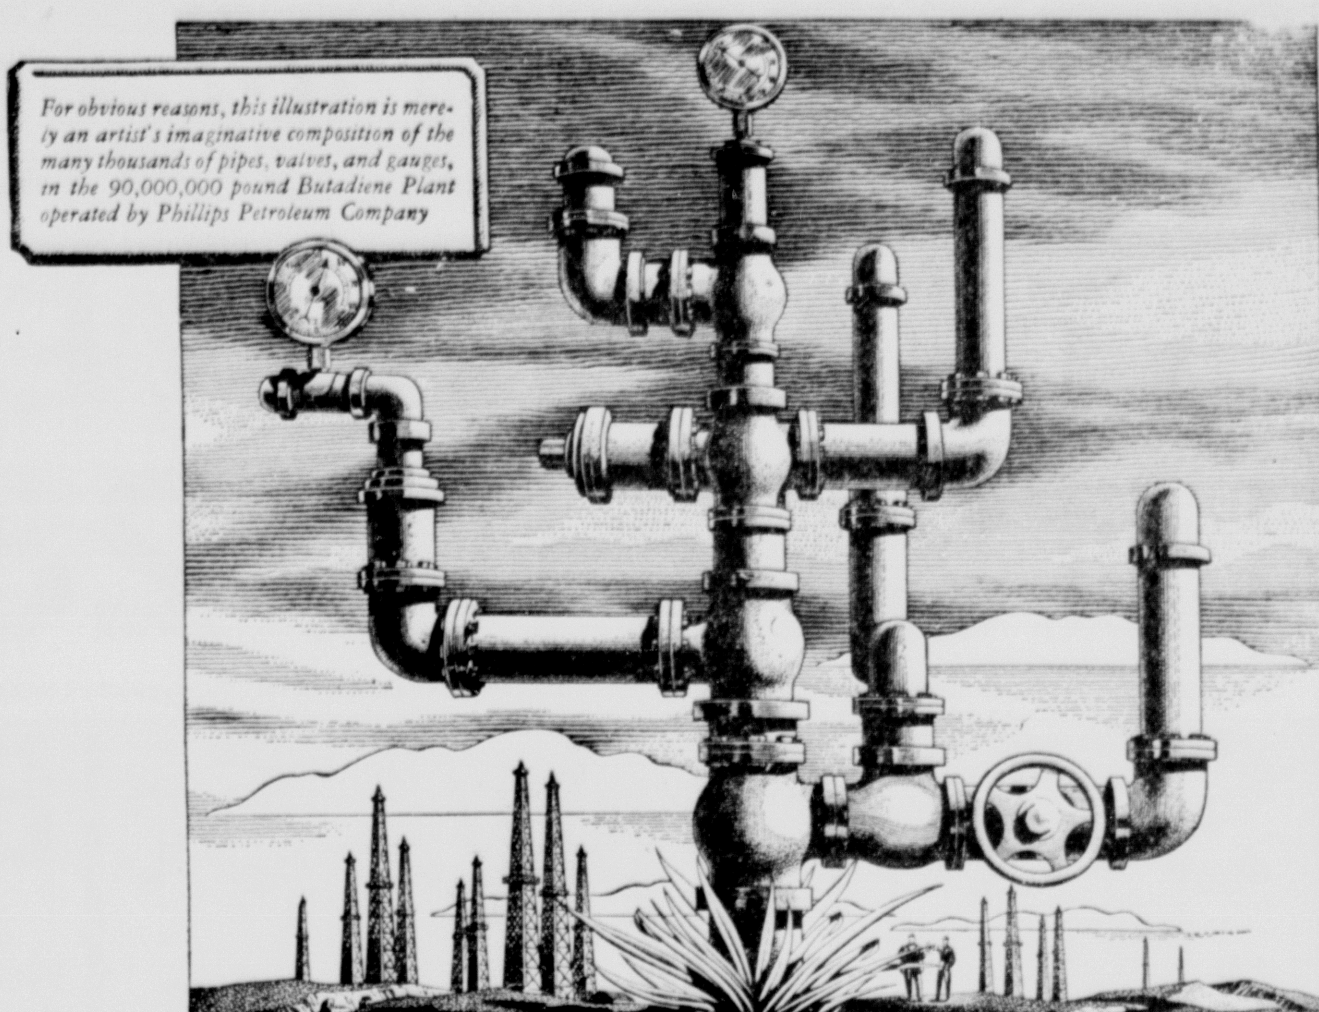

MILLIONS SIGN HOME FRONT PLEDGE

More than 12 million pledges have been signed during OPA's Home Front Pledge Campaign—The Citizen's Battle to Kill Black Markets and Hold the Line Against Higher Prices. In Minnesota, so many rural families signed the pledge that the district OPA office ran out of forms, and had to stipulate that one member sign for the entire family. When the supply ran low in Evansville, Ind., newspapers printed the pledge so the campaign could carry on. Similarly, in West Virginia, 1,030,000 pledge scrolls were printed without charge to relieve a shortage. Newspapers in San Francisco and Wenatchee, Wash., likewise printed the pledge form.

CERAMIC STOVE MODEL BUILT

The first ceramic cooking stove model to be built in the U. S. was recently demonstrated at the National Bureau of Standards. The stove contains only 80 pounds of metal, mostly cast iron. The pre-war all metal model which it supplant weighed 1,085 pounds. The ceramic stove is designed to be heated with anthracite or coke. It uses only about 10 pounds of fuel in 24 hours and if it is fired every 12 hours, it will be ready for use at any time. It is expected that the first ceramic cooking stove will reach the market around the first of the year. The purchase price has not been determined yet, but it presumably will be lower than that of the all-metal ones.

1943 RUBBER TREE

CARE FOR YOUR CAR—FOR YOUR COUNTRY

YESTERDAY'S RUBBER TREES

were 10,000 miles away in Far Eastern plantations. Today's rubber trees are right in our own front yard.

Only a punctuation mark here separates the two simple sentences above. Actually between them are more than a decade of intensive research, hundreds of millions of dollars, and an almost unbelievable plant-construction program to meet our relentless wartime needs for rubber.

Because Phillips and other American scientists devoted themselves to the problem, the Nation is today, in its hour of need, harvesting a multi-million-ton crop of home-grown rubber!

The butadiene (basic ingredient of synthetic rubber) which Phillips produces is a synthetic chemical. So likewise is Phillips 100 octane gasoline. From petroleum chemicals, too, come explosives . . . plastics . . . medicines and anesthetics. The list is almost endless because petroleum and petroleum gases are an overflowing storehouse of hydrocarbons, the chemical raw materials for making an almost limitless number of products.

That is why we say: Every time you see the Phillips 66 Shield, let it remind you that Phillips refineries in addition to producing gasoline, lubricants, and fuel oils, are also gigantic chemical plants, pouring out weapons for victory.

Miss Ford Is New Teacher In Home Ec. Department

Miss Roxana Ruth Ford has accepted a position in the Home Economics department. Before coming to W. T., she taught in Kingsville.

Texas. Her B. A. and M. A. degrees were taken at Texas Tech, her home being Lubbock.

Her superintendent at Kingsville, Mr. C. E. Wade writes, "We release Miss Ford with a great deal of regret, and only because we know that her fine qualities of character, leadership, scholarship, and personality qualify her for a promotion."

"I think she will be a stand-out

on any staff. Miss Ford is a character builder. She has been very active in school, church, and community. I have found her to be a fine organizer, thorough in details, and effective in execution."

Miss Ford was introduced to faculty members and members of the home economics department at a reception in the Home Management House Friday night.

Overweight Motor Oil Proved Non-Essential

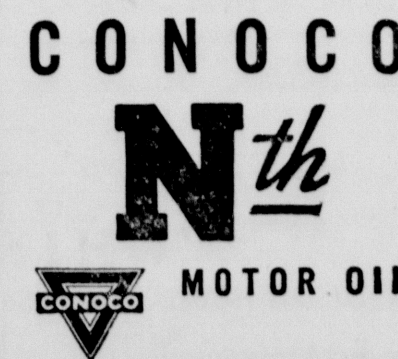

See how safe and economical a surprisingly Light grade can be with your engine Winter OIL-PLATED

A motorist who kept a record for a month averaged only 2.7 miles between stops. Maybe you average twice that. Yet the "coupon shortage" means short runs—lots of stopping and starting. That's extra bad for your oil. The first hardships of Winter will find it unfit. This year, of all years, the height of economy is to change your oil promptly.

The lightest suitable oil you can use is best for your engine—your battery—your gasoline economy...best for lengthening your car's future! You needn't risk any overweight grade...not when you have your engine OIL-PLATED for Winter by changing to economical Conoco Nth motor oil.

The "magnetic attraction" that seems set up by a certain synthetic in Conoco Nth oil—patented—enables it to OIL-PLATE. All good plating forms a staunch protective surface, and that gives you the idea of OIL-PLATING. Now think of any OIL-PLATED part in your engine facing another OIL-PLATED part...double OIL-PLATING in between—plus Conoco Nth oil's regular-type liquid film that's extra strong! You can't get more protection than that, while with

overweight oil you'd only invite needless drag and dangerous "absentee" lubrication in starting cold. Don't risk it. Consult Your Conoco Mileage Merchant for your lightest grade of Nth, and face Winter fully confident, with your engine OIL-PLATED. Continental Oil Co.

Dread Engine Acid is Fought by OIL-PLATING

Normal combustion always leaves acids inside of your engine when it stops.

Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.

But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

YOUR GOVERNMENT ASKS YOU TO USE LESS GAS

and Help Keep War Plants Humming

HERE IS HOW YOU CAN HELP

1. Winterize your home by insulation, weather stripping, caulking and storm windows if possible.
2. Close off all unused rooms.
3. Keep home temperatures as low as possible.
4. Reduce temperatures to 55 degrees at night and when home is not occupied.
5. Do not use range ovens or top burners for room heating.
6. Save gas in other ways which will occur to you.

The natural gas that heats your home and fries your breakfast bacon is used also for many vital war purposes. Pipe lines to transport it are over-taxed. New materials cannot be secured to bring you all that is required for unrestrained consumption.

The conservation of gas is the home-front duty of every man, woman and child, at home or at place of business. Uncle Sam is counting on you to do your part.

Education Week Is Discussed Tuesday At Rotary Club

F. E. Savage was in charge of the Rotary Club program Tuesday, discussing National Education Week. Musical numbers were given by Misses Mary Lee Abbott of McLean, Mary Evelyn Foster of McLean and Winifred Ramage of Borger, accompanied by Miss Anita Davis of Canyon.

Mr. Savage stated that the church started the first schools of America and are due great credit for progress of education. The first free public schools started in Massachusetts. Horace Mann is the founder of public education. Schools cost much money, and the public has a right to expect a lot from the schools. The cost in America is one and three-fourths billions of dollars.

In Texas the cost runs from 65 to 75 millions annually for public schools. Yet Texans are spending about the same amount of money for tobacco, soft drinks and many other kinds of luxuries.

The better people are educated, the better is business in those nations, as people demand and need more. In a Democracy we want all of our people to be educated.

A resolution of respect in the memory of Dr. Sylvester Ingham, past president of the Rotary Club, was presented by Doug Shirley.

Visitors were: Yeoman Margaret D. McGee of Norman, Okla., Lieut. W. Holmes Smith of San Antonio; E. Kancher, Allen Early, Guy Saunders, Jas. S. Reger, F. R. Barnes, Harry W. Allen, H. B. Bartleson, M. A. Murphy, R. S. Scruggs, all of Amarillo.
